

Flying cross-border is possible

Tip no. 1 : choose the *right* pension administrator

For a **safe journey**, you may need:

Expertise in administration (20+ years) • **State-of-the-art Technology** (preferably in-house) • **Market knowledge** (a minimum of 500 client base) • **Real cross-border experience** (RESAVER IORP, Nestlé Middle-East and NATO DCPS, to mention a few) • **Compliance capability across EU** (better if consolidated) • **System security** (ISO27001 & PCI compliant)

How to fly high:

- Interactive portals
- Apps
- E-learning
- Tutorials
- Life-cycling
- Pension projections
- Uploading tools
- Single admin platform
- Rules engine
- Central reporting
- Governance
- Data analytics
